

HOW TO BE INVOLVED

We believe that Ag health and safety education and training can be fun, even though at times it can also be a tough topic to discuss. We are seeking individuals, organizations, and sponsors who are interested in being part of our work to reach young

adults, who are the next generation of agriculture. This partnership and support will look different for everyone so we have many ways to become involved.

Promote the Gear Up for Ag™ Program in Your Community

Our organization is interested in expanding our program to many regions. You can be helpful in identifying high schools or colleges that could benefit from our program. Below is a list of things that you can do to assist in our expansion efforts:

- Consider colleges or high school classes in your community that would benefit from the program.
- Review the Gear Up for Ag Health and Safety™ [Program Information](#).
- Check out the [online Gallery](#) to see photos from other programs.
- Review online [resources](#) that are available for students.
- Learn about the [PPE Kit](#) that students receive as part of the Gear Up for Ag program.
- Review the Gear Up for Ag Topics and Learning Objectives.
- Attend a Gear Up for Ag program in your area to learn more about the program.
- Facilitate an introduction to Ag Health and Safety Alliance to a college or high school that may be a good fit for the Gear Up for Ag Program.

Sponsor a College Program

Expansion of the Gear Up for Ag program relies on available funds necessary to deliver the program. There are several ways to assist with raising funds to assist with program delivery in your community.

- Consider making an individual donation to the Gear Up for Ag Program.
- Consider a memorial gift in memory of a family member.
- Collaborate with other individuals or organizations to bring the Gear Up for Ag Health and Safety™ program to a specific college or high school. This could be an institution in your local community or your alumni college or high school. Your donation will assist with program delivery expenses and additional PPE that will be provided to the students. Your donation will assist with program delivery expenses.
- Identify local resources who can be helpful (farm safety and health organizations).
- Determine funding requirements for program and discuss fund raising strategies.

Donate Safety Equipment or Resources to the Gear Up for Ag™ Program

- Review the Gear Up for Ag™ program to gain an understanding of the interactive demonstrations that include the use of PPE and the PPE Kit that students receive as part of this program.
- Contact Ag Health and Safety Alliance to determine what type of safety equipment is useful.

Gear Up for Ag™ Survey Data Collaborative Program/Project

- Consider collaborating with Ag Health and Safety Alliance to develop a proposal or project that utilizes Gear Up for Ag™ survey data from thousands of students across the country.
